PURPOSE

The following paragraphs incorporate both the nature and purpose of Talbot Theological Seminary because they are so closely bound together. This declared and committed purpose of the Seminary is given briefly at this point, but is expanded at various places throughout the catalog as noted under each heading.

THEOLOGICALLY. Talbot Theological Seminary is an interdenominational Seminary which is thoroughly committed to the proclamation of the great historic doctrines of the Christian Church. It definitely and positively affirms historic orthodoxy in the framework of an evangelical and premillennial theology which is derived from a grammatico-historical interpretation of the Bible. It earnestly endeavors to make these great doctrinal truths a vital reality in the spiritual life of this present generation. The Seminary aims to train students who believe and propagate the great doctrines of the faith as they are summarized in our Statement of Doctrine (see pp. 18, 19, 20).

SPIRITUALLY. It is the purpose of the Seminary to develop in the lives of its students a spiritual life which is in harmony with the great doctrines taught, in order that they may grow in the grace, as well as in the knowledge of our Lord and Savior Jesus Christ. Specifically, the goal is to train and graduate students characterized by practical Christian service, missionary and evangelistic zeal, and an adequate knowledge of the Scriptures. To accomplish these objectives the Seminary conducts a daily chapel program (see p. 22), and gives constant attention to its students' service opportunities (see p. 23).

ACADEMICALLY. It is the purpose of the Seminary to provide its students with the best in theological education in order that they may be equipped intelligently to preach and teach the Word of God and present it zealously to the world. In keeping with this goal every department is geared to emphasize the clear and accurate exposition of the Scriptures. The biblical languages are utilized to lay bare the inner meaning of the inspired text (see pp. 66, 70). Bible exposition, whether by synthesis or analysis, presents a connected and related interpretation of the infallible Book (see p. 59). Systematic Theology moves toward a well organized and structured arrangement of biblical truth (see p. 63). Historical Theology engages itself to acquaint the student with the progress of the inerrant Word among the household of faith throughout the Christian era (see p. 74). Philosophy of Religion furnishes the elements whereby the servant of Christ may give a well marshalled reason for the faith that is in him (see p. 77). Missions, Practical Theology, and Christian Education strive to perfect in the student a skillful and winsome presentation of the truth privately and publicly (see pp. 80, 83, 87). Talbot Seminary stands for one faith, one integrated curriculum, one eternal Word of God and the effective proclamation thereof to a modern generation with its multiplicity of needs.

PRACTICALLY. It is the purpose of the Seminary to prepare for the Gospel ministry those who believe, live, and preach the great historic doctrines of the faith which has been committed unto us. To realize these broad objectives, the Seminary offers five degree programs, each with its own distinctive purposes: The Master of Divinity Program (see pp. 38, 39), the Master of Arts Program in Biblical or Theological Studies (see p. 44), the Master of Arts Program in Missions (see p. 48), the Master of Arts Program in Christian Education (see pp. 47, 52), and the Master of Theology Program (see p. 57).

DOCTRINAL STATEMENT

The Bible, consisting of all the books of the Old and New Testaments, is the Word of God, a supernaturally given revelation from God Himself, concerning Himself, His being, nature, character, will and purposes; and concerning man, his nature, need, duty and destiny. The Scriptures of the Old and New Testaments are without error or misstatement in their moral and spiritual teaching and record of historical facts. They are without error or defect of any kind. (This reference to the inerrancy of the Scriptures is viewed as a reference to the very words of the original manuscripts.)

There is one God, eternally existing and manifesting Himself to us in three Persons — Father, Son and Holy Spirit.

Our Lord Jesus was supernaturally conceived by the power of the Holy Spirit and born of a virgin — Mary, a lineal descendant of David. He lived and taught and wrought mighty works and wonders and signs exactly as is recorded in the four Gospels. He was put to death by crucifixion under Pontius Pilate. God raised from the dead the body that had been nailed to the cross. The Lord Jesus after His crucifixion showed Himself alive to His disciples, appearing unto them by the space of forty days. After this the Lord Jesus ascended into heaven, and the Father caused Him to sit at His right hand in the heavenly places, far above all rule and authority and power and dominion and every name that is named, not only in this world, but also in that which is to come, and put all things in subjection under His feet, and gave Him to be Head over all things to the Church.

The Lord Jesus, before His incarnation, existed in the form of God, and of His own choice laid aside His divine glory and took upon Himself the form of a servant and was made in the likeness of men. In His pre-existent state, He was with God and was God. He is a divine person possessed of all the attributes of Deity, and should be worshipped as God by angels and man. "In Him dwelleth all the fullness of the Godhead bodily." All the words that He spoke during His earthly life were the words of God. There is absolutely no error of any kind in them, and by the words of Jesus Christ the words of all other teachers must be tested.

The Lord Jesus became in every respect a real man, possessed of all the essential characteristics of human nature.

By His death on the cross, the Lord Jesus made a perfect atonement for sin, by which the wrath of God against sinners is appeased and a ground furnished upon which God can deal in mercy with sinners. He redeemed us from the curse of the law by becoming a curse in our place. He who Himself was absolutely without sin was made to be sin on our behalf that we might become the righteousness of God in Him. The Lord Jesus is coming again to this earth, personally, bodily, and visibly. The return of our Lord is the blessed hope of the believer, and in it God's purposes of grace toward mankind will find their consummation. (The historic and present position of Talbot Seminary includes the conviction, based upon the Word of God, that "the return of our Lord" is to be premillennial and that the millennium is to be the last of the dispensations.)

The Holy Spirit is a person, and is possessed of all the distinctively divine attributes. He is God.

Man was created in the image of God, after His likeness, but the whole human race fell in the fall of the first Adam. All men, until they accept the Lord Jesus as their personal Saviour, are lost, darkened in their understanding, alienated from the life of God through the ignorance that is in them, hardened in heart, morally and spiritually dead through their trespasses and sins. They cannot see, nor enter the kingdom of God until they are born again of the Holy Spirit. (The existence of the creation is not explainable by either theistic evolution, threshold evolution, or any variation of evolutionary concepts.)

Men are justified on the simple and single ground of the shed blood of Christ and upon the simple and single condition of faith in Him who shed His blood, and are born again by the quickening, renewing, cleansing work of the Holy Spirit, through the instrumentality of the Word of God. (Though there may be many fillings by the Holy Spirit, there is only one baptism which occurs at the time of regeneration.)

All those who receive Jesus Christ as their Saviour and their Lord, and who confess Him as such before their fellow men, become children of God and receive eternal life. They become heirs of God and joint-heirs with Jesus Christ. At death their spirits depart to be with Christ in conscious blessedness, and at the second coming of Christ their bodies shall be raised and transformed into the likeness of the body of His glory. (Confession before men is viewed as a tangible fruit of salvation and not a qualifying condition for salvation.)

All those who persistently reject Jesus Christ in the present life shall be raised from the dead and throughout eternity exist in a state of conscious, unutterable, endless torment and anguish.

The Church consists of all those who, in this present dispensation, truly believe in Jesus Christ. It is the body and bride of Christ, which Christ loves and for which He has given Himself.

There is a personal devil, a being of great cunning and power, "the prince of the power of the air," "the prince of this world," "the god of this age." He can exert vast power only so far as God suffers him to do so. He shall ultimately be cast into the lake of fire and brimstone and shall be tormented day and night forever.

NOTE: This doctrinal statement is presented as originally conceived by the founders of the organization. In parenthesis are certain explanatory notes that indicate the organization's understanding of certain phrases that could be subject to various interpretations.

TEACHING POSITION

In addition to the stated theological position of the Seminary, the following notes on our teaching position on certain current issues will be of importance. These notes will express to you the convictions of the faculty and administration and something of the kind of teaching you will receive. These items are not explicitly found in the doctrinal statement but are harmonious with the historical practice of theological education at Talbot Theological Seminary.

The Scriptures are to be interpreted according to sane dispensational distinctives, and the return of the Lord for His Church will be before the Tribulation.

Although believing that God's providential acts belong to all ages and not seeking to judge all charismatic manifestation in every age and every land, the Seminary believes and teaches that the "charismatic gifts" (e.g. tongues and healing) had special significance during the revelatory period of the New Testament apostolic era.

Every member of the Board of Directors and every teacher annually reaffirm their commitment to this unabridged form of the statement of faith.

HISTORICAL SKETCH

Growing out of two Bible study and soul winning clubs the Bible Institute of Los Angeles became a reality in the fall of 1907 under the leadership of Rev. T.C. Horton and Mr. Lyman Stewart. The first permanent organization took shape in 1908, when Mr. Stewart was elected the first president. By 1912, the school had grown in its outreach and constituency sufficiently to call Dr. Reuben A. Torrey as the first dean. Later in this same year, the school purchased new permanent quarters at the corner of Sixth and Hope Streets, Los Angeles. Under the leadership of Dr. Louis T. Talbot, the Bible Institute program was expanded in 1936 to become a four year course leading to degrees in Theology, Christian Education, and Sacred Music. In 1949 the curriculum expanded even more in response to needs of the Christian world to include work leading to the Bachelor of Arts degree. It was at this time that the Bible Institute was renamed Biola College.

It became increasingly obvious that the needs for ministry demanded a three year seminary program following the college degree. With this need in mind the Board of Directors instituted in 1952 the three year program of Talbot Theological Seminary leading to the degree Bachelor of Divinity. The Master of Theology degree was first offered in 1955 on the basis of at least one year of graduate work after completion of the Bachelor of Divinity program. Because of growing demand and greater interest in the field of religious education, courses leading to the degree of Master of Religious Education were instituted in the Fall of 1962. In 1970 the Bachelor of Divinity degree was replaced by the Master of Divinity degree. The Master of Religious Education degree was replaced by the Master of Arts in Christian Education degree in 1972. The Master of Arts in Biblical Studies degree was added in 1972, the Master of Arts in Theological Studies in 1973, and the Master of Arts in Missions in 1974.

The record compiled by Talbot Seminary alumni has vindicated all of its degree programs. The Seminary has endeavored to keep its finger on the pulse of the times, and each step in its expansion has been in response to specific needs. The measure of success in this is evident in the fact that Talbot

graduates are serving as missionaries on all the major continents of the world, as instructors in Christian institutions of higher learning across the country, and as pastors and Christian education directors of fruitful churches in various parts of the United States. Thus, the Seminary stands for the purposes originally envisioned, Bible study and soul-winning, but with these have been combined an alertness to the changing conditions of the society in which the Seminary must take its place.

LOCATION

The seminary is in the community of La Mirada which is located at the edge of Los Angeles County and adjacent to Orange County. It lies twenty-two miles southeast of Los Angeles near the center of Southern California's fastest growing area. La Mirada is a suburban residential community. It has major shopping centers, and a number of large commercial and business establishments are scattered throughout the area.

The campus is bounded on the west by Biola Avenue and on the east by La Mirada Boulevard. It is located midway between the large east-west thoroughfares of Rosecrans Avenue and Imperial Highway. Approximately three miles to the south is the Santa Ana Freeway.

Students coming to the campus by automobile should follow these directions: coming from the northwest, leave the Santa Ana Freeway at Rosecrans and travel east to Biola Avenue; coming from the southeast, leave the Santa Ana Freeway at Valley View and travel north to Rosecrans where a right turn can be made to Biola Ave.; coming from the east via San Bernardino Freeway (U.S. Highways 60, 70, 99), turn south on Interstate Highway 605 and continue to Santa Ana Freeway, south on Santa Ana Freeway to Rosecrans and continue as directed above. STANDARDS OF CONDUCT

Talbot Seminary is for earnest Christians who are sensitive to the many principles of Christian living that are found in the Bible. The Seminary imposes certain specific guidelines for the conduct of faculty, staff and students. Although such regulations cannot improve upon our standing in Christ, they can strengthen the life and testimony of both the individual and the Seminary. To this end, Talbot expects its faculty, staff and students to refrain from the use of alcoholic beverages and tobacco, and from gambling and dancing. Further, Talbot deprecates the morally degrading elements that are now

found in all forms of the theatre, the entertainment media, and literature; seminarians are expected to abstain from all aspects of such that morally degrade. Talbot Seminary does not presume to be a censoring agency for all activities; it does, however, expect tangible evidence of maturing Christian convictions and discerning judgment.

Talbot reserves the right to dismiss a student who, in its judgment, does not conform either to the stated regulations governing student conduct or the expressed principles, policies, and programs of the Seminary.

CHAPEL

Thirty minutes of each day are set aside as a special period of worship in the chapel service. These services are conducted by the faculty, visiting speakers, and occasionally senior students. All services are designed to be worshipful and devotional in nature. Spiritual growth and fellowship are maintained and developed through these services.

STUDENT CHRISTIAN SERVICE

The Seminary recognizes the necessity of active service in Christian work while the student is pursuing his course of study. From the time of the student's enrollment he is asked to engage in some type of approved weekly ministry. After completing 48 units of class work, a supervised field work program is required of each Master of Divinity student. He is expected to spend a minimum of one hundred hours in activities which will provide experience in areas appropriate to the interest of the individual. These include phases of pastoral work, missions, Christian education, youth ministry, military chaplaincy and other areas approved by the field work supervisor. One unit of credit will be given for the successful completion of this program. The student may choose to complete the one hundred hours in either one or two semesters but he must register for credit during the semester in which he plans to complete the work. The high population density of Southern California creates service opportunities of many types.

Facilities and Services

THE CAMPUS

The Seminary has classroom, chapel, and administrative office facilities located in Myers Hall and Feinberg Hall.

In addition, the Seminary shares the library, cafeteria, snack bar, gymnasium, infirmary and prayer chapel with Biola College. Also available are a crushed brick quarter mile track, a soccer field, a baseball diamond, tennis courts, and a short course Olympic swimming pool.

LIBRARY

The library contains over 120,000 volumes, including bound periodicals, microcards, microfilm, and microfiche. Special features of the library include an extensive index file of sermon outlines and illustrations, an excellent collection of bibliographic tools and periodical indexes, and a number of special collections. The principal theological journals in English are received regularly.

Students have access to over a quarter of a million volumes on religion in the various libraries of Southern California, and to a regional union catalog of religion at Claremont. Books can be borrowed on inter-library loan from almost any library in the country.

The library is housed in the Rose Memorial Library Building which includes a Religious Reference Room for students engaged in biblical studies. Study carrels are available for thesis writers.

The staff consists of four professional librarians, nine semi-professionals, and a number of part-time and student clerks. Facilities are open every day except Sunday, to a total of seventy-five hours per week.

Standard audio-visual equipment and material are available through the Audio-Visual Center. In addition, there are cassette listening centers to aid in language studies and other taped programs, and a photocopying machine available for student use.

BOOKSTORE

The Bookstore is open six days and two evenings a week to supply all required textbooks, as well as non-required books. Students will find a large selection of greeting cards, stationery, gift items, records and music, school and art supplies, plus items for personal needs. Bibles are carried in a variety of styles and bindings.

Special services to students include ordering any books in print and imprinting Bibles.

CAMPUS HOUSING

Campus living quarters are available for international students only. Most other students share apartments in the area. The Registrar's Office can suggest some facilities to students moving into the area.

MARRIED STUDENT HOUSING

The Seminary has no facilities on campus for married students, but there are numerous apartments and homes available for rent in the immediate vicinity.

TALBOT SEMINARY WIVES FELLOWSHIP

The Seminary Wives Fellowship is an organization of students' wives with the purpose of honoring Christ by promoting spiritual welfare, Christian service and fellowship among the Seminary wives.

and by assisting the Associated Students of Talbot Theological Seminary and cooperating with the administration.

EMPLOYMENT

The school maintains an Employment Office for the benefit of students needing part-time employment to defray expenses. While this office does not guarantee employment, it maintains close contact with numerous individuals and organizations needing student employees. Students needing employment should plan to arrive several days before registration in order that they may secure the type of work which they prefer.

HEALTH SERVICE

The Student Health Department conducts services for the benefit of all registered students who have an approved physical examination prior to admission to school in the fall and spring semesters. This service is under the direction of a medical doctor and a registered nurse.

The health service includes a dispensary for consultation with a nurse and treatment of minor injuries as well as follow-up care in the more serious needs.

The infirmary is open to all students at regular scheduled hours while school is in session. Infirmary services are limited to consultation and insurance referrals for medical care and hospitalization, as well as the first aid emergencies and simple nursing care that can be given in an out-patient clinic.

Talbot Seminary does not assume any responsibility for serious illness or accident on or off campus, in or out of school games or activities. The use of all school facilities is at the student's personal risk.

The Seminary offers protection to the student against certain expenses caused by accidental injury or emergency illness in the form of a required plan of medical insurance. The cost of this insurance is to be covered by the student. The estimated cost of this insurance is \$26.00 per semester, and this amount is subject to change pending changing rates from the insurance company. At the time of registration, the student must indicate whether or not he is insured. If not insured, the above insurance program offered by the school is compulsory.

PLACEMENT

The Placement Committee aids each graduate in entering the field of service to which he believes that the Lord has called him. In this effort the Committee works with denominational as well as interdenominational Christian leaders. Alumni may also take advantage of the placement services.

Financial Information

STUDENT AID AND STUDENT LOAN FUNDS

Students are expected to come to the seminary with a view of meeting their own financial obligations. There are no scholarships awarded to new entering students; however, after a student has been enrolled in the seminary for one year, there are several scholarships awarded for which he may qualify. A student aid fund has been set up for disbursements to needy students. This aid fund is not designed to defray the initial expenses of the entering student or for routine expenses of the existing student body. In addition, the seminary maintains a student loan fund which is available to needy students. Those seeking student aid or a loan must file a Student Financial Statement (SFS) and Application for Financial Aid. These forms are available in the Student Financial Services Office (SH-109).

Talbot Seminary does not discriminate on the basis of sex, race, color, national and ethnic origin in administration of its scholarship and loan programs.

Foreign applicants must establish the degree of their financial responsibility to meet the costs of an education at Talbot Seminary. This is done by supplying a signed statement for financial status, as well as signed statements from any agencies or individuals who have undertaken the responsibility of supporting the student. THESIS NON-RESIDENT STUDENTS

A student who has completed the course requirements for his degree program must register each semester as a Thesis Non-resident (TNR) until his thesis is completed and accepted for binding by the Library. A fee of \$50.00 is charged each semester at registration for those in the TNR classification. A student finishing his course work in January has one and one half years to complete his thesis. A student finishing his course work in June has one year to complete his thesis.

If geographic location prevents registration in person, it is the student's responsibility to contact the Office of Admissions and Records for registration materials. Registration by mail is subject to the same rules as registration in person.

SUMMER STUDY

Courses in several fields of seminary study are available each summer. Enrollment is open to students currently enrolled in the Seminary as well as to those who choose to come from other institutions for Summer School only. Acceptance into the Summer School program does not guarantee acceptance into the regular degree programs of the seminary during the fall and spring semesters. Special Summer School application forms and announcements of classes are available from the Seminary Office of Admissions and Records. New students are encouraged to apply early.

Master of Divinity Program

PHILOSOPHY OF THE DIVINITY PROGRAM

The M.Div. curriculum of Talbot Seminary is designed to foster the purposes for which the Seminary was established — the preparation of men for the propagation of the faith. This purpose entails an accurate knowledge of the Word of God, the source of faith, and the effective means of its communication. The course of study is therefore designed around these two basic foci.

Believing firmly that God in love and grace has provided an answer for the needs of the world in Jesus Christ and that this Jesus is none other than the Christ of the Scriptures, Talbot emphasizes a knowledge of the content of the Word of God. So that the Word may be known and expounded accurately and authoritatively, matters of biblical background, including the languages of the Old and New Testaments, are studied. Sound principles of literary interpretation are also explored as a basis for the next logical step which is the interpretation of the Scriptures. On the basis of such interpretation there comes systematic study so as to organize various parts of the Word into theological categories.

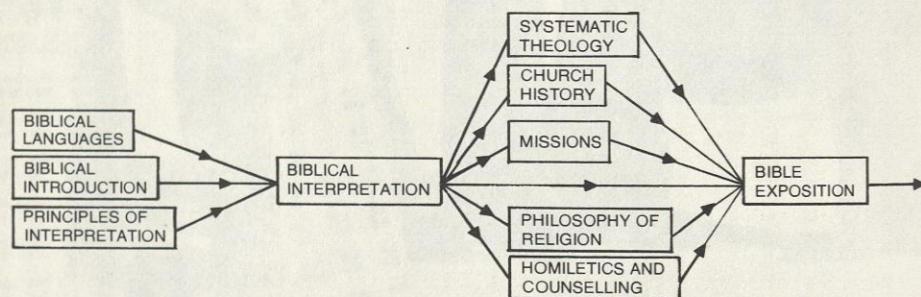

Since the faith of today does not stand alone, but is rooted in past centuries during which God has preserved and instructed His people cognizance of this heritage is taken in a study of the history of the church and its doctrine. Previous interaction between the faith and the world provides a basis for understanding modern times.

It is the Seminary's aim that this knowledge of the faith first grip the life of the student himself, and then motivate him to share it with the world. In accord with this latter aim instruction is given in vital areas of ministry and communication. From the preparation and delivery of sermons to individual involvement in counseling, the curriculum is designed to provide instruction which will facilitate propagation of the faith in the various fields of God's call.

With recognition that the Great Commission commands the church to go into the world to minister to all peoples, the cross-currents of modern thought are considered relevant to the preparation of God's minister. Throughout the course of instruction interaction is provided with various perspectives for the purpose of inculcating their contributions and understanding their divergencies. All the while they are measured by the pattern of the Word.

The goal of the various disciplines discussed above is reached in the exposition of the Word. With the broad foundation thus laid the servant of God is able to minister to people effectively, by drawing from the various segments of his exposure and expounding the Scriptures both accurately and in a manner that is interesting and pertinent to his listeners.

This diagram is an outline of the philosophy of the M.Div. program:

ADMISSION REQUIREMENTS

All applicants, to be accepted, must hold the Bachelor of Arts degree, or another degree which is its academic equivalent. They must have a 2.6 (on a 4 point scale) grade point average. Those not meeting this requirement, if accepted, will be placed on probation. Graduates of unaccredited colleges, if accepted, are also placed on probation. Students who have not had Greek but wish to take it in Seminary may take beginning Greek in Talbot and receive credit applicable toward the graduation requirement.

GRADUATION REQUIREMENTS

- Satisfactorily complete 100 semester units.
- Take the courses prescribed in the Master of Divinity Curriculum.
- Complete the requirements in one of the major fields.
- Submit an acceptable thesis chosen in consultation with the major advisor, or at the option of the major advisor and in lieu of the thesis complete six units of electives. Two unbound copies of the thesis are to be submitted to the Librarian. All theses, whether acceptable or not, become the property of Talbot Seminary.
- At least twenty-four units must be taken in this Seminary by transfer students.

A student is placed on academic probation if his grade point average for any semester falls below 2.5 and remains on probation as long as his single semester or cumulative grade point average remains below 2.5. The student is granted one semester in which to bring his academic work up to the required level (2.5) for continuance in the seminary.

MAJOR REQUIREMENTS

Each student must select a major and satisfactorily complete the requirements of that major. The program set forth in the Curriculum Charts on pages 40-42 are common to all majors. Students who upon examination can exhibit a working knowledge of Greek will be allowed 10-16 units of elective and should follow the curriculum chart on page 40. Those without a working knowledge of Greek will be allowed 6-12 units of elective and must follow the curriculum chart on either page 41 or 42 and take NT 501 and 502.

All electives are free to the students' choice (check prerequisites) regardless of major, but each major advisor, if he deems necessary, may require four units of elective in the department of major study in preparation for the thesis in that department. The thesis must be written in the student's major field. Those who will not write a thesis are required to take a minimum of 6 elective units in the field of their major. At the advisor's discretion, however, the minimum may be increased to 8 elective units.

Majors are offered in the following areas of study:

Bible Exposition
Systematic Theology
Old Testament
New Testament
Church History
Missions
Practical Theology

Students should indicate their choice of major at the beginning of their program. Changes of major are discouraged.

For information on the emphasis of each department, check under appropriate department heading in the "Description of Courses" portion of this catalog.

Master of Arts Programs in Biblical or Theological Studies

PHILOSOPHY OF BIBLICAL AND THEOLOGICAL STUDIES PROGRAMS

The M.A. degree in Biblical Studies and the M.A. degree in Theological Studies are intensive and highly specialized programs designed for those whose calling to Christian service is not in the area of professional ministry. It is anticipated that candidates for these programs will have purposes that coincide with the following:

1. The training of college graduates who desire a more thorough grasp of the Bible in order to engage in Christian ministries at levels other than those that are usually performed by the ordained clergy. This would include medical doctors on the mission field, missionary pilots, church administrators, counselors, lay leaders in the local church, and others.
2. The furnishing of a biblical background for those who are preparing for teaching in non-theological fields.
3. The furnishing of an academic background for those who find the M.A. degree ample for a teaching position either at home or in a foreign country.
4. Providing a shorter program of study for missionaries who have only their furlough time in which to further their formal training in the Scriptures.

ADMISSION REQUIREMENTS

The applicant, to be accepted, must possess a baccalaureate degree. He should be a graduate from a recognized and/or regionally accredited college with a minimum grade point average of 3.0 (on a 4.0 scale), must submit a written statement outlining his vocational objectives and how the degree might relate to them, and must have a working knowledge of New Testament Greek. Those without this working knowledge of Greek must take NT 501 and 502.

The prerequisite for completing this program in one year is an undergraduate major (30 semester units) in Biblical Studies. Those who enter with a deficiency in the field will be required to enroll for the number of additional units necessary to bring their prerequisite total to 30.

GRADUATION REQUIREMENTS

- (a) Satisfactorily complete 32 semester units.
- (b) Take the program prescribed in order to cover the subject areas as outlined in the Master of Arts Curriculum.
- (c) Submit an acceptable thesis chosen in consultation with the major advisor. Two unbound copies are to be submitted to the Librarian. All theses, whether acceptable or not, become the property of Talbot Seminary.
- (d) Meet the entire course requirement for the degree through course work taken in this Seminary.
- (e) Obtain a 3.0 average with no grade below a C in all courses to be credited toward graduation.
- (f) Complete the entire program in no less than one year and no more than three years.

A student is placed on academic probation if his grade point average for any semester falls below 3.0 and remains on probation as long as his single semester or cumulative grade point average remains below 3.0. The probation student is granted one semester in which to bring his academic work up to the required level (3.0) for continuance in the Seminary.

Master of Arts Program in Missions

PHILOSOPHY OF THE MISSIONS PROGRAM

The M.A. degree with emphasis in missions is designed for those who are already in a cross-cultural missionary situation. It will make available academic updating and an advanced degree for furloughing missionaries, nationals and others whose principal missionary work would be in the area of service missions (e.g., doctors, pilots). The degree is not designed for professional service, (as is the M.Div.) though those engaged in professional ministries may find it advantageous to pursue such study.

ADMISSION REQUIREMENTS

- The applicant must be a graduate of an accredited college with a minimum grade point average of 2.6 (on a 4.0 scale). Those from approved non-accredited colleges must have a minimum grade point average of 3.0 to be admitted without probation.
- He must submit a written statement outlining his vocational objectives and how the degree might relate to them.
- He must have had undergraduate work amounting to at least 30 semester hours in Bible, missions or the social sciences, with not more than 18 units of concentration in one of these three areas.
- He must have had a minimum of 2 years cross-cultural experience. Experience in cross-cultural missionary service is recognized to be a reinforcement of undergraduate studies as preparatory to graduate study. Exceptions may be made for nationals and those whose principal work will be in the area of service missions (e.g., doctors, pilots).

GRADUATION REQUIREMENTS

- Satisfactorily complete 32 semester units as outlined in program.
- Submit an acceptable thesis chosen in consultation with the major advisor. Two unbound copies are to be submitted to the Librarian. All theses, whether acceptable or not, become the property of Talbot Seminary.
- Meet the entire course requirement for the degree through course work taken in this Seminary.
- Complete the program in no less than one year, and in no more than three. Exceptions may be made in cases where furlough time is not sufficient to complete the program in 3 years.

A student must have at least a 2.75 grade point average (on a 4.0 scale) to graduate. A student is placed on academic probation if his grade point average for any semester falls below 2.75 and remains on probation as long as his single semester or cumulative grade point average remains below 2.75. The probation student is granted one semester in which to bring his academic work up to the required level (2.75) for continuance in the Seminary.

Master of Arts Program in Christian Education

PHILOSOPHY OF THE CHRISTIAN EDUCATION PROGRAM

The scope and significance of the Christian Education program are determined by the four dimensions which follow.

A. Theological Orientation

The Christian Education program is an integral part of the theological environment of the Seminary. The program relates educational practice to the theological principles, seeking to merge life sciences and theology. Both life sciences and theology view man in descriptive terms. Therefore Christian education is committed to the development of the whole person.

B. Ministerial Preparation

The C.E. program exists to prepare ministers in the New Testament sense, with a variety of functional roles implied for the service in local churches and related institutions.

This focus on ministry includes the implicit view that responsibility extends beyond the classroom into the churches and related institutions where students and graduates function.

C. Individualized Program

The program is characterized by emphasis on adaptation to the individuality of the students, both in regard to personal distinctives and in regard to the distinctives embodied in varied forms of C.E. ministry.

Normally, it is presumed that students will enter the program with clearly established Christian faith and definite professional orientation.

The program is designed to afford each student a fourfold opportunity: (a) the acquisition of knowledge, (b) the development of professional skill, (c) personal growth, (d) the deepening of personal commitment to Christ.

D. Timeliness of the Program

The C.E. program is designed to meet the specific needs of the church at this point in time. In the light of increasing demands for persons trained in Christian education, the program is structured to prepare persons to serve competently in the field.

ADMISSION REQUIREMENTS

All applicants must hold the Bachelor of Arts degree, or another degree which is its academic equivalent. They must have a 2.6 grade point average (on a 4.0 scale). Those accepted who do not meet this requirement will be placed on probation. Graduates of unaccredited colleges are also placed on probation.

Applicants must have eight units of Bible and/or Doctrine courses prior to entry. Those who enter with a deficiency in this area will be required to enroll for a maximum of eight units in Bible and/or Doctrine in addition to the core curriculum.

GRADUATION REQUIREMENTS

- (a) Satisfactorily complete 68 semester units.
- (b) Take the courses prescribed in the Master of Arts in Christian Education Curriculum.
- (c) Complete the program in no more than five years.

- (d) Complete an acceptable thesis or thesis project chosen in consultation with the major advisor, or at the option of the major advisor and in lieu of the thesis or thesis project complete six units of electives. Two unbound copies of the thesis or thesis project are to be submitted to the Librarian. All theses, whether acceptable or not, become the property of Talbot Seminary.
- (e) At least 24 units must be taken at this Seminary.

A student must have at least a 2.75 grade point average (on a 4.00 scale) to graduate. A student is placed on academic probation if his grade point average for any semester falls below 2.75 and remains on probation as long as his single semester or cumulative grade point average remains below 2.75. The probation student is granted one semester in which to bring his academic work up to the required level (2.75) for continuance in the Seminary.

MAJOR REQUIREMENTS

The program leading to the Master of Arts degree in Christian Education includes a minimum of sixty-eight units. The student who is able to devote full time to his academic program can complete the degree in two years. The student who enrolls for less than a full academic load will require additional time to complete the degree program, in which case the program must be completed within five calendar years from first enrollment. A thesis or thesis project may be required of candidates. The thesis project is reserved for students doing exceptional work. Requirements for theses are listed in the appropriate section of the Student Handbook.

Graduation requirements may be satisfied in 36 semester units if the student has an undergraduate degree in Christian Education with a 3.0 grade point average in courses taken in the major, a 2.6 overall grade point average, and a verbal/quantitative combined score of 1000 on the Graduate Record Exam or the Undergraduate Record Exam.

Following is a list of concentrations for those qualifying for the 36 unit program:

Bible/Theology Electives.....	8 units
Christian Education (including CE 521, 522, 531 for all students)	22 units
Thesis/Thesis Project (or electives)	6 units
TOTAL	36 units

The student coming from a Bible College with 30 units of Bible/Doctrine will base his program on the 68 units curriculum. He may request exemption from required courses. The faculty of the C.E. department will review the request and grant exemption on the basis of equivalency. The program is thereby reduced in total units accordingly.

The academic program leading to the Master of Arts degree in Christian Education is structured to include (1) Biblical and theological foundations; (2) A core curriculum consisting of foundational courses and practical skills; (3) Vocational specialization; and (4) Additional elective courses.

Master of Theology Program

PURPOSE

The Master of Theology program is designed to provide the student with the opportunity to acquire a specialized knowledge in some area of theological learning, to prepare him for further graduate study, and to equip him for better leadership in the service of Jesus Christ.

ADMISSION REQUIREMENTS

The student must present acceptable Bachelor of Arts and Bachelor of Divinity or Master of Divinity degrees. Specifically, he must have maintained at least a B average in his M.Div. program, and have had at least eight semester hours of Greek beyond beginning Greek and twelve semester hours of Hebrew.

He must have the personal qualifications necessary for a minister of Christ, including promise of future usefulness. He must be spiritually qualified by rendering evidence of a born-again experience, and a consistent Christian manner of life.

Graduates of other seminaries must file the normal application with the Office of Admissions and Records. Graduates of Talbot may file for admission by submitting a written request to the Graduate Committee, in care of the Registrar.

RESIDENCE REQUIREMENTS

At the present time two major fields of study are regularly available: (1) theological, including the departments of Theology and Bible, and (2) biblical languages, including the departments of Old and New Testaments. A minimum of fourteen units is to be taken in either Theology, Bible, Old Testament, or New Testament, with the remainder distributed among the other departments, unless the residency program is completed in one year. In cases where the work is done in one year, the fourteen unit requirement can be met by a combination of units from either Old and New Testament or Theology and Bible.

Students are required to take elective senior courses offered in the M.Div. program as well as Th.M. courses offered at stated class hours as part of their graduate program (additional assignments will be made in the M.Div. courses to make the work of Th.M. character). At the discretion of the advisor, a maximum of four units in any department at any level may be credited toward the course requirement. Twenty-six units of class work plus the thesis are required. No more than four units advanced standing from a recognized school will be accepted toward fulfillment of the residence requirement.

The time limit for the completion of the program of study is a minimum of one year and a maximum of three. The thesis must be on an acceptable subject in the major field. Two copies, the original and one copy, are presented to the library for binding. All theses, whether acceptable or not, become the property of Talbot Seminary.

A working knowledge of German is required of men seeking the Th.M. degree in the Department of Semitics and Old Testament.

GRADUATION REQUIREMENTS

No grade of less than B will be credited toward the degree and no grade points are accumulated for such a course. The student will become a candidate for the degree upon successful completion of 12 units of work by recommendation of the Graduate Committee. The candidate must pass written comprehensive examinations over his major field of study. Candidates for degrees must manifest promise of usefulness in the Gospel ministry, exhibit exemplary and consistent Christian character, and evidence sound theological beliefs in accordance with the Seminary's doctrinal statement.

COURSE DESCRIPTIONS

Department of Bible Exposition

JAMES E. ROSSCUP, *Professor*
 VERNON D. DOERKSEN, *Associate Professor*
 HENRY W. HOLLOMAN, *Associate Professor*

Since there is no substitute for an efficient ministry in the preacher's native tongue, special emphasis is devoted to the exposition of the Bible. The entire curriculum of the Seminary — theology, original languages, and other subjects — is designed to contribute in the effective exposition of Holy Writ. It is possible to study only certain pivotal books, but the method employed is applicable to the entire Bible. Correlation with present-day life and world problems will be made. The more technical phases of Old and New Testament problems will be reserved to those departments.

Matters of Hebrew and Greek are related where they influence an interpretation, but these are not an emphasis in the overall exposition. Special examination is given important passages and concepts in this branch of study.

Particular emphasis is given to the developing themes in the flow of thought, as well as to problem areas, and the foreshadowing of God's redemptive plan as in the tabernacle, the priesthood, the offerings, the feasts, and the ordinances.
